Equipment Stands

DESCRIPTION:

Park Industries offers optional stands for Hypertherm high definition plasma power supplies and gas consoles. We recommend these components be elevated above the shop floor making it easier to clean the area as well as improving access when performing maintenance.

FEATURES:

- Power supply stand - accepts the Hypertherm HPRXD series or the Hypertherm XPR300 power supply
- Gas console stand - accepts the HPRXD Gas Selection Console or any of the three XPR300 Gas Connect Consoles (Core, VWI™ (vented water injection), and OptiMix™)

Plasma power supply stand

Gas console stand

Also accepts the optional air booster and optional air preparation assembly as shown above.
